PROFESSIONAL SUMMARY

Fresher Data Analyst with strong SQL (MySQL) and Python skills, with hands-on experience in data cleaning, exploratory data analysis (EDA), data visualization, and machine learning. Experienced in using Pandas, NumPy, Matplotlib, Seaborn, Plotly, and Scikit-learn to analyze data and generate actionable insights. Built SQL-based analytics solutions and Python-based predictive dashboards through academic and personal projects, along with hands-on internship experience. Seeking an entry-level Data Analyst role to apply analytical and technical skills to real-world business problems.

CORE COMPETENCIES

Data Analysis, Data Cleaning, EDA, Data Visualization, SQL Analytics, Power BI, Database Design, Business Reporting, Business Insights, Machine Learning

TECHNICAL SKILLS

Programming & Databases: Python, SQL (MySQL), Relational Databases, Database Normalization (1NF-3NF)

Data Analysis & ML: Pandas, NumPy, Matplotlib, Seaborn, Plotly, Scikit-learn, Statistics, Probability, EDA, Model Evaluation, Logistic Regression, Decision Trees, Random Forest, KNN, SVM

Visualization & Reporting: Power BI, MS Excel (Intermediate - Pivot Tables, VLOOKUP)

Libraries & Tools: Streamlit, Plotly, Git/GitHub

PROJECTS

E-Commerce Advanced Analytics & CLV Engine

- Designed a multi-vendor relational database using SQL, keys and indexing to maintain data integrity and improve query performance.
- Used CTEs, Window Functions and RFM analysis to segment customers and analyze purchasing behavior.
- Analysed Monthly Active Users (MAU), cumulative revenue and customer trends to generate business insights.

Student Churn Analysis & Risk Prediction Dashboard

- Built an interactive Streamlit dashboard for student churn prediction, achieving 92% accuracy with Logistic Regression.
- Pre-processed data and evaluated 5 classification models to identify the most effective churn prediction approach.
- Developed a dynamic risk simulator to identify dropout drivers such as attendance, grades, and fees, with automated counselor recommendations.

EDUCATION

Bachelor of Computer Applications (BCA)

2023 - 2026

Sri Krishna Arts and Science College, Coimbatore | CGPA: 7.3

CERTIFICATIONS

- Oracle Certified Professional - Oracle Autonomous Database Cloud, Oracle University, 2025 (valid through June 2027)
- AWS Cloud Masterclass - Cloud Practitioner Essentials - Future Skills Prime / NASSCOM - 2025 - Gold Category (90%)
- IBM IT and Cloud Fundamentals Specialization - 6 courses, Coursera / IBM, 2024
- Cyber Incident Response Specialization - 3 courses, Coursera / Infosec, 2024
- NPTEL - Developing Soft Skills and Personality, Elite grade, IIT Kanpur, 2023

WORK EXPERIENCE

Industrial Trainee - SUBZERO Technologies

May 2025; Nov 2025 - Mar 2026

- Contributed as an intern team member to an AI-powered financial fraud detection project, gaining hands-on experience in transaction data preprocessing, fraud prediction workflows, and web-based application development.

ACHIEVEMENTS AND ACTIVITIES

- Conducted a computer fundamentals training session for school students as a Student Tutor at Sri Krishna Arts and Science College (2024).
- Volunteered as a Patriotic Youth Ambassador with Veterans India (2025); participated in the Chandrayaan-3 Mahaquiz (ISRO/MyGov) and National Engineer's Day Quizathon.
