PROFESSIONAL SUMMARY

Data Analyst with strong SQL (MySQL) and Python skills, with hands-on experience in data cleaning, exploratory data analysis (EDA), data visualization, and machine learning. Experienced in using Pandas, NumPy, Matplotlib, Seaborn, Plotly, and Scikit-learn to analyze data and generate actionable insights. Built SQL-based analytics solutions and Python-based predictive dashboards through academic and internship projects. Seeking an entry-level Data Analyst role to apply analytical and technical skills to real-world business problems.

CORE COMPETENCIES

Data Analysis, Data Cleaning, Exploratory Data Analysis (EDA), Data Visualization, SQL Analytics, Machine Learning, Database Design, Reporting, Business Insights, Problem Solving, Analytical Thinking.

TECHNICAL SKILLS

Programming & Databases: Python, SQL (MySQL), Relational Databases, Database Normalization (1NF–3NF)

Data Analysis & ML: Pandas, NumPy, Matplotlib, Seaborn, Plotly, Scikit-learn, Statistics, Probability, EDA, Model Evaluation, Logistic Regression, Decision Trees, Random Forest, KNN, SVM

Libraries & Tools: Streamlit, Plotly, Git/GitHub, MS Excel (Pivot Tables)

PROJECTS

E-Commerce Advanced Analytics & CLV Engine

- Engineered a multi-vendor relational database with indexing and key constraints to improve query performance and data integrity.
- Utilized advanced SQL, CTEs, and Window Functions for RFM customer segmentation and customer behavior analysis.
- Analysed Monthly Active Users (MAU) and cumulative revenue growth to generate actionable business insights.

Student Churn Analysis & Risk Prediction Dashboard

- Built an interactive Streamlit ML dashboard for student churn prediction, achieving 92% accuracy using Logistic Regression.
- Preprocessed data and evaluated 5 classification models to identify the most effective churn prediction approach.
- Developed a dynamic risk simulator to identify dropout drivers such as attendance, grades, and fees, with automated counselor recommendations.

EDUCATION

Bachelor of Computer Applications (BCA)

2023 - 2026

Sri Krishna Arts and Science College, Coimbatore | CGPA: 7.2

CERTIFICATIONS

- Oracle Certified Professional - Oracle Autonomous Database Cloud, Oracle University, 2025 (valid through June 2027)
- AWS Cloud Masterclass - Cloud Practitioner Essentials, Gold category, 90 percent, Future Skills Prime / NASSCOM, 2025
- IBM IT and Cloud Fundamentals Specialization - 6 courses, Coursera / IBM, 2024
- Cyber Incident Response Specialization - 3 courses, Coursera / Infosec, 2024
- NPTTEL - Developing Soft Skills and Personality, Elite grade, IIT Kanpur, 2023

WORK EXPERIENCE

Industrial Trainee - SUBZERO Technologies

May 2025 | Nov 2025 - Mar 2026

- Contributed as an intern team member to an AI-powered financial fraud detection project, gaining hands-on experience in transaction data preprocessing, fraud prediction workflows, and web-based application development.

ACHIEVEMENTS AND ACTIVITIES

- Conducted a computer fundamentals training session for school students as a Student Tutor at Sri Krishna Arts and Science College (2024).
- Volunteered as a Patriotic Youth Ambassador with Veterans India (2025); participated in the Chandrayaan-3 Mahaquiz (ISRO/MyGov) and National Engineer's Day Quizathon.
